Product No.: 96324

Description

Lighting for 2 suction arms/cranes

The **TEKA lighting kit** adds an LED light with switch combination directly to the extraction hoods of two extraction arms, so the welding point is well lit.

At a glance

- **Light:** LED with switch combination
- **Mounting:** pre-assembled in the extraction hood
- **Suitable for:** TEKA extraction arms on mobile and stationary filter units

Important

The lighting kit is only supplied together with a new TEKA system (initial equipment). It cannot be combined with a spark guard.

Our overview page shows more solutions for welding fume extraction. Free shipping.

Properties

Supply voltage (V):	230
Connection frequency (Hz):	50
