Product No.: 9631950

Description

Suction hose with two rigid connectors

The flexible suction hose of type *Superflex* is the ideal solution for use in extraction and air ducting systems. With a **length of 5 meters**, it offers sufficient reach for most workshop, industrial, or trade applications. The hose is designed for a **temperature range from 0?°C to +85?°C**, making it well-suited for extracting air, dust, or light fumes in standard working environments.

Equipped with **two conical connectors**, the Superflex hose can be quickly and securely integrated into a pipe system with a **nominal width of 50?mm (NW50)**. The tapered design ensures a tight fit and allows for easy, tool-free connection – ideal for mobile or modular setups.

Choose a robust, ready-to-connect suction hose that integrates seamlessly into your existing system.

Properties

Length (mm):	5,000
Diameter (mm):	45
