Product No.: 97105

Description

Exhaust fan, mobile/portable

The **TEKA exhaust fan** is a mobile fan on four castors. It removes pollutants from the capture point, supplies containers, pipes and vessels with fresh air and is also suitable for exhaust gas extraction.

At a glance

- **Design:** low and light, mobile on four castors
- **Housing and impeller:** robust, powder-coated
- **Safety:** protective grilles on suction and pressure side, motor protection switch
- **Connection:** ready to plug in with power cable

Your benefits

- **Flexible use:** With a suction hose, it also reaches workplaces that are difficult to access, for example in shipbuilding.
- **Quiet and low-friction:** Intake and outlet spigots of the same size ensure a low-friction airflow, keeping air resistance and noise low.
- **Also for dust:** In addition to clean air, it also conveys non-explosive dust and chips.

Options

Suction hose with extraction hood and magnetic base, exhaust hose, other voltages on request.

The operating instructions are available in the Downloads tab. Our overview page shows more solutions for welding fume extraction.

Properties

Volumetric flow (m³/h):	4.000
max. pressure (Pa):	2,000
Engine power (kW):	3.0
Supply voltage (V):	400
Connection frequency (Hz):	50
Current consumption (A):	6.4
Ansaugstutzen (mm):	NW 250
Sound level (dB(A)):	75 – in accordance with DIN EN ISO 3744
Weight (kg):	28
Width (mm):	615
Depth (mm):	700
Height (mm):	650
