

The air purifiers

TEKA

Extractor tube, anodised alu, diam. 75, antistatic

(Page: 1 for product 175256)

Description

Product No.: 175256

Extractor tube, anodised alu, diam. 75, antistatic

The nozzle and pipe are made of conductive, chemically resistant polypropylene (PP).
The suction tip can be positioned directly at the source without obstructing the work process.
The projection at the suction tip guarantees increased collection efficiency.

Properties

Length (mm):	250
Diameter (mm):	75
