Pre-filter mats, pack of 10

(Page: 1 for product 10032)

Description

Pre-filter mats, pack of 10

Set of 10 pre-filter mats, class M5

This set of 10 pre-filter mats, class M5, offers optimal protection for your extraction system, air conditioning system or ventilation system. The mats reliably catch coarse dust particles, pollen and other contaminants, thereby extending the service life of your system.

Advantages:

- **Effective protection:** Filter class M5 for the separation of coarse particles
- **Long service life:** Protects the subsequent filter stages and the system itself
- **Cost efficiency:** Set of 10 for a long-lasting supply
- **Easy to use:** Easy to change and dispose of
- **Versatile:** Ideal for extraction systems, air conditioning systems, ventilation systems and more

The pre-filter mats are simply inserted into the holder provided in your system. Make sure to change the mats regularly to ensure optimal filter performance. The change intervals depend on the load and the ambient conditions.

Properties

Weight (kg):	1.2
Width (mm):	610
Depth (mm):	610
Height (mm):	20
Colour:	blue / white
