ALSIDENT Suction arm, 100 mm, chemical resistant

Description

ALSIDENT Suction arm, 100 mm, chemical resistant

The extraction arm, made of chemically resistant polypropylene pipes and 3 smooth-running joints, as well as the POP rivet made of acid-resistant stainless steel, has been specially developed for use in particularly aggressive areas. Thanks to its self-supporting construction, the extraction arm is easy to handle and can be easily repositioned. Installation is quick and easy. The extraction arm can be dismantled and reassembled without tools for cleaning. The use of high-quality materials ensures a long service life and low maintenance requirements. The extraction arm is equipped with a control valve for opening/closing as standard.

Properties

Mounting type:	Wall mounting
Number of joints:	3
Length (mm):	1,710
Weight (kg):	2
Diameter (mm):	100
Joints colour:	white
Ausführung:	chemically resistant

Accessories

ALSIDENT flat suction bonnet, NW 100,
420 x 280 mm

Product No.: 1100422875
