ALSIDENT Suction arm, 75 mm, chemical resistant

The extraction arm made of chemically resistant polypropylene pipes and 2 smooth-running joints has been specially developed for use in particularly aggressive areas.

Thanks to its self-supporting design, the extraction arm is easy to handle and can be easily repositioned.

Assembly is quick and easy. The extraction arm can be dismantled and reassembled without tools for cleaning.

The use of high-quality materials ensures a long service life and low maintenance requirements.

The extraction arm is equipped with an opening/closing control flap as standard.

Properties

Mounting type:	Tischmontage
Number of joints:	2
Length (mm):	650
Diameter (mm):	75
Joints colour:	weiß
Version:	chemisch beständig
