Product No.: 1100506

Description

Suction hood; System 100

The hood, the flange and the pipe socket are made of conductive, chemically resistant polypropylene (PP).
The suction hood has been designed in order to separate small amounts of fume or gases in sensitive ESD areas as well as in environments with an explosive atmosphere.
The reinforcement of the edges provides a higher stability when handling the hood.

Properties

Weight (kg):	0.5
Diameter (mm):	500
