€231.00*

excluding VAT

ALSIDENT Suction arm, 50 mm

The suction arm made of anodized aluminum tubes and 2 joints of polypropylene has been developed for the local exhaust with no special requirements for chemical resistance or the conductivity.

Through its self-sustaining construction, the suction arm is easy to use and easy to adjust in its position.

The installation is quickly and easily. It is easy to disassemble the arm and reassemble it after cleaning without the need for tools.

Using high quality materials ensures durability and low maintenance.

The extraction arm is equipped with a regulating damper to open/close.

Properties

Mounting type:	Tischmontage
Number of joints:	2
Length (mm):	445
Diameter (mm):	50
Joints colour:	rot
Version:	Aluminium
