Description

Product No.: 21111500

€2,964.00*

excluding VAT

ViroLine Maxi

ViroLine Maxi cleans the air of germs, bacteria and viruses. It is suitable for larger rooms and workshops.

The air is sucked in at a height of almost 2 m and is then guided through a UV-C irradiation section. This device is additionally equipped with an H14 filter that efficiently blocks viruses and bacteria.

Germs that are not directly killed by the UV-C light are caught by the H14 filter and are then eliminated by continuous exposure to the UV-C irradiation. The clean air is fed back into the room via the sides of the ViroLine Maxi.

The device is equipped with lockable transport castors and manufactured from powder-coated sheet steel. The H14 filter cassette and the UV-C lamp can be conveniently removed via maintenance hatches.

Properties

Volumetric flow [m³/h]:	1.500
Engine power (kW):	0,55
Supply voltage (V):	230
Connection frequency [Hz]:	25
Automatic cleaning:	No
Pre-filter:	Prefilter mat G4
main filter:	Hepa Filter H14
Sound level [dB(A)]:	49
Weight [kg]:	167
Width [mm]:	665
Depth [mm]:	681
Length [mm]:	1.930
Colour:	RAL 7035 (light gray)
